Brand Guidelines

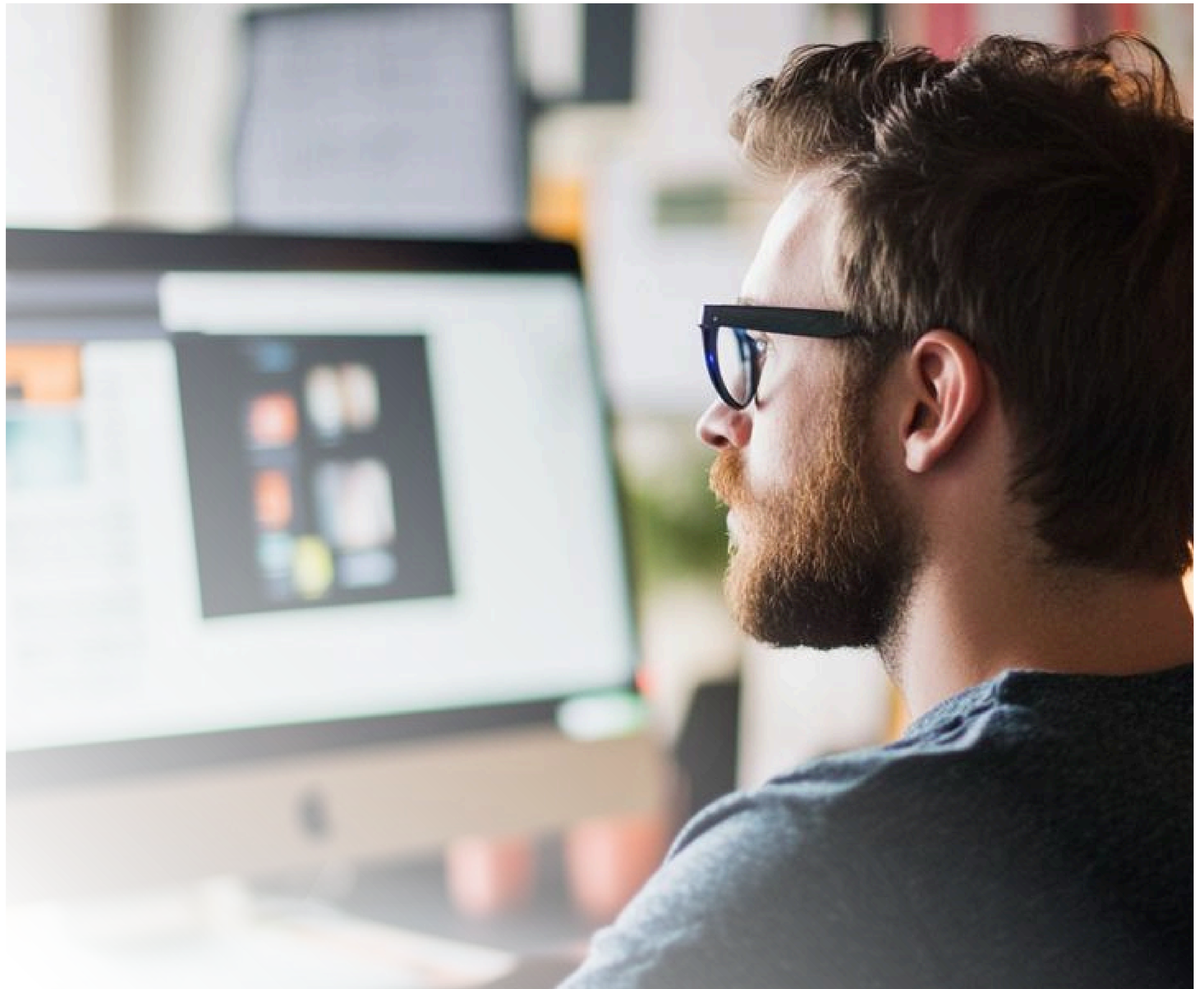
A practical guide for partners, designers, and developers, describing the Galvanite brand and how it lives in the real world.

Value Proposition

Your product is sharp. We make sure your brand is too.

Galvanite supports startup founders looking to close the gap between their product, and their outdated branding & marketing.

From brand strategy to identity design and website development, we make sure the value of their product is unmistakeable across every customer touchpoint, allowing them to focus on growth and product development.



Galvanite

HELPING

Startup leaders, with a great product and outdated branding, that don't have the resources to fix the gap themselves.

BY OFFERING

Brand systems and **websites** that close the gap between what they've built, and how the market sees it.

SO THEY

Can focus on shipping great products, knowing their brand finally carries the same weight.
